25X1 4. [ ] Delivered letter to Miss Marcia J. MacNaughton, professional staff member of Senate Subcommittee on *Judiciary*  
25X1 Constitutional Rights, in reply to Senator Ervin's inquiry on behalf of [ ] former employee of the Agency retired for disability. Miss MacNaughton indicated they were primarily interested in whether the Agency had followed proper internal procedures. Our letter satisfied this point. In response to Miss MacNaughton's query for any information she may use to quell [ ] concerning Agency action, she was told that in the only inquiry received from a potential employer, the Agency had replied that [ ] integrity, character, and loyalty were beyond question and that she had rendered a professionally competent performance. Miss MacNaughton welcomed this information and said she would contact us if any further questions develop. 25X1

25X1 5. [ ] Met with Howard P. Willens, Executive Assistant, Criminal Division, Department of Justice, and Mr. Herbert S. Miller, of the staff of the Criminal Division, concerning present considerations by the Department of Legislation concerning attempts on the life of the President, Vice President, and other Federal officials. Mr. Willens very cordially offered any assistance his office can provide in bringing the question of inclusion of the DCI among others within the coverage of the proposed legislation and suggested, as a possible course of action, submission of our views to the Bureau of the Budget so that they would be available for consideration by the Bureau and by the Commission in submitting legislation proposals for inclusion in the President's legislative program.

25X1 6. [ ] Discussed with Mr. Wilfred Rommel, Bureau of the Budget, the present request through the Bureau of the Budget from the Commission appointment by the President for comment on proposed legislation concerning attempts on the life of the President, Vice President, and others. Mr. Rommel indicated that it had not occurred to them to request comments from the Agency and suggested that we reference today's conversations and submit our view in normal fashion to the Bureau.
